

OAPT/CCI Group Rating

About OAPT

The Ohio Association of Public Treasurers (OAPT) was established to promote the general and professional interests of the public treasurers in their respective communities, to obtain a higher standard of efficiency, to improve service with allied institutions and to inspire friendly and fraternal relationships among its members. Today, OAPT has more than 400 members representing communities from all over the state of Ohio.

Group Rating Q & A

What is Workers' Compensation Group Rating?

Group rating allows similar public entities to "group" their workers' compensation claims history together. By grouping members with few or no claims, all entities enrolled in the group can earn up to the BWC maximum discount on their premium.

Why should I join a group rating program?

Group rating enables public taxing districts to save significantly on workers' compensation premiums, up to the BWC maximum available discount. All programs have a sponsor organization, such as the OAPT. Each program offers its own savings rate. You could potentially save significantly more with OAPT's group program compared to other available programs.

How is coverage provided under a Group Rating Program?

Coverage is still provided by the Ohio Bureau of Workers' Compensation (BWC). Each participating member maintains their own policy number and premium payments continue to be made to BWC.

Can you only enroll once a year, and is this true of all groups?

Yes, BWC regulations dictate this. Quotes are provided throughout early Summer with final actual enrollment taking place on August 26, 2011. We are currently accepting applications for BWC plan year January 1, 2012 - December 31, 2012.

Is there a cost to participate in the program?

Each member is charged an administrative fee to be in the program. By enrolling in a group rating program, you also receive cost control services provided by plan administrator CareWorks Consultants. Details of the administrative fee will be provided along with the proposal. Also, you MUST be a member of the sponsoring organization.

If I am uncertain whether my public taxing district will qualify, should I apply?

Yes, each year BWC assigns each employer new rates based on their payroll and experience. A public entity who did not previously qualify may now qualify if their claim history has improved.

How will I receive my savings?

Coverage is with BWC and the premium statements from BWC will reflect the group discounted rate. The rate will become effective on January 1, 2012 and your first discounted premium payment will be paid May 2013.
