RE: MCO Open Enrollment through May 25

This month is Open Enrollment for the selection of a managed care organization (MCO) to handle the management of your workers' compensation claims. We confidently recommend **CompManagement Health Systems** (CHS) to our members. Along with CompManagement, our third party administrator, CHS has made a major contribution to the benefits we offer members through our Group Rating and Group Retro Programs. CHS' consistent and reliable performance validates our confidence.

Many of our members have been working successfully with CHS for years. To remain with CHS, no action is required. If you have use a different MCO, now is the time to consider the value CHS brings.

- Return to Work Performance – For 21 years CHS has been a high performing MCO, providing thoughtful case management and outstanding return-to-work results for our clients.
- Prescription Savings – CHS successfully had medications modified or terminated in 63% of our Drug Utilization Referrals, producing \$1.6 million in savings for our clients since 2014.
- Enhanced Clinical Oversight – CHS emphasizes outreach and engagement with treating physicians to negotiate more reasonably related treatments to enhance recovery and reduce delays. Our full-time, on-site medical director assists with clinical matters and complex cases.
- Medical Bill Savings – Our medical cost reductions average over 18% beyond BWC's fee schedule – a total savings of over \$19 million in 2017.

For more information on CHS and their service to Ohio employers, [click here](#). Remember, there is no cost to switch MCOs since your premiums cover MCO services. Should you wish to learn more about CHS, you can also contact Lance Watkins at 1-888-247-7799, ext. 65524, or by emailing at WatkinsL@chsmco.com.
